The Challenge

A leading **digital agency in Romania** needed a **trusted white-label (https://codetrappers.com/white-label-development-for-wordpress/) WordPress partner** to:

- Develop large volumes of WordPress websites without compromising quality.
- Maintain & update existing websites while ensuring seamless client support.
- Offer a mix of presentation (corporate) websites & eCommerce stores tailored to different business needs.
- Provide 100% white-labeled services so the agency could deliver solutions under its own brand.
- Scale operations efficiently without requiring an in-house development team.

The agency required a **high-volume, scalable WordPress development (https://codetrappers.com/development-for-wordpress/) & maintenance service** to **handle diverse business needs across multiple industries**, without revealing our involvement.

The Solution

We developed a **fully managed, white-label WordPress solution**, allowing the agency to **scale effortlessly**:

High-Volume WordPress Website Developmen

- 600+ Presentation Websites for corporate businesses & professionals.
- 900+ eCommerce Websites built on WooCommerce (https://codetrappers.com/wordpress-for-ecommerce/), optimized for conversions.
- Ensured custom branding, tailored themes & client-specific requirements.

Seamless White-Label Integration

- Worked 100% under the agency's brand, ensuring clients never knew we were involved.
- Provided private client support, assisting without direct visibility.

Ongoing Website Maintenance & Security

- WordPress & plugin updates to prevent vulnerabilities.
- Performance optimization (https://codetrappers.com/page-speed-optimization-for-wordpress/) & security monitoring.
- Bug fixes, troubleshooting & feature enhancements.

Custom Automation & Bulk Website Deployment

- Developed custom deployment workflows to streamline website launches.
- Enabled bulk updates, monitoring, and reporting for efficient site management.

Long-Term Scalability & Growth

- Built a scalable model, allowing the agency to onboard new clients effortlessly.
- Provided continuous improvements, testing, and feature rollouts.

The Results

1500+ Websites Delivered, 800+ Websites Maintained, Scalable & Fully White-Labeled Solution

1500+ Websites Developed

Delivering high-quality WordPress solutions at scale.

800+ Websites Actively Maintained

Ensuring security, performance & updates.

Fully White-Labeled Service

No client ever knew an external team was involved.

Faster Website Deployment

Reduced turnaround time with streamlined processes.

Higher Agency Profitability

Allowed the agency to **focus on sales & growth** while we handled the technical work.

Conclusion

By providing a **fully managed, white-label WordPress solution**, we enabled the Romanian agency to **scale its business, expand its service offerings, and deliver high-quality websites without in-house development overhead**. Our **discreet yet efficient partnership** allowed the agency to maintain its brand identity while benefiting from our **expertise in WordPress development & maintenance**.
