WordPress Internship

InternshipEmployment type

CodeTrappers Internship Program

WordPress Developer Intern

Work on live WordPress projects, learn Elementor/ Gutenberg, speed optimization & real client work.

- Remote / Office (Bangalore) / Hybrid
- Duration: 3 Months
- Start Date: Immediate / Flexible
- Full-time opportunity after internship

About CodeTrappers

CodeTrappers is a WordPress development company based in Bangalore. We build and maintain WordPress websites for businesses, focusing on performance, clean UI, and smooth user experience.

Internship Overview

We are looking for a passionate **WordPress Developer Intern** who is eager to learn and work on real client projects. You will get hands-on experience in building WordPress websites, customizing pages, fixing bugs, and improving performance with mentorship from our team.

Responsibilities

As a WordPress Developer Intern, you will:

- Build and customize WordPress websites using Elementor / Gutenberg
- Create and edit pages, menus, headers/footers, forms, and sections
- Install, configure, and manage WordPress plugins (SEO, cache, security, forms, etc.)
- Assist in **WooCommerce setup** (products, checkout, payments)
- Fix bugs and UI issues (layout issues, broken sections, CSS fixes)
- Ensure **mobile responsiveness** across devices
- Optimize website speed and performance (basic level)
- Support website maintenance tasks and small updates
- Coordinate with the team and follow tasks shared in Trello/WhatsApp/Google Sheets

Required Skills

- Basic knowledge of WordPress

- Familiar with **elementor** or **Gutenberg**
- Basic understanding of website structure (pages, posts, menus)
- Good learning attitude and problem-solving mindset
- Strong attention to detail and ability to follow instructions

Preferred (Good to Have)

- Basic knowledge of **HTML + CSS**
- Basic knowledge of **JavaScript / PHP**
- Experience with **cPanel / Hosting / Domain setup**
- Knowledge of SEO basics & performance tools (PageSpeed, GTmetrix)
- Familiarity with plugins like WooCommerce, ACF, WPForms, Contact Form 7

Who Can Apply

- Students / Freshers looking to start a career in WordPress
- Candidates who can dedicate consistent time during internship
- Candidates interested in a full-time role after internship

What You’ll Get

- Real-world WordPress project experience
- Guidance + mentorship from the team
- Portfolio-building work
- Certificate of completion
- Full-time opportunity for top performers
